NOTICE

BIBLIOTHECA INDICA

PUBLISHED BY

THE ASIATIC SOCIETY OF BENGAL

THE Bibliotheca Indica is a collection of works belonging to or treating of Oriental literatures and contains original text editions as well as translations into English, and also bibliographies, dictionaries, grammars, and studies.

The publication was started in 1849, and consists of an Old and a New Series. The New Series was begun in 1860, and is still running.

The issues in the series consisted originally of fascicles of 96 or 100 pages print, though occasionally numbers were issued of double, triple or larger bulk, and in a few cases even entire works were published under a single issue number. Of late years the single issues are made as much as possible to constitute complete volumes. Several different works are always simultaneously in progress. Each issue bears a consecutive issue number. The Old Series consists of 265 issues; in the New Series, till January 1st, 1935, inclusive, 1,515 issues have been published. These 1,780 issues represent 254 different works; these works again represent the following literatures:—

Sanskrit, Prakrit.
Rājasthānī, Kāshmīrī, Hindī.
Tibetan.
Arabic, Persian.

Several works published are partly or wholly sold out, others are still incomplete and in progress. A few works, though incomplete, have been discontinued.

Two price-lists concerning the Bibliotheca Indica are available and may be had on application. One describes the Indian and the other the Islamic works published in the series. These lists are periodically revised.

The standard sizes of the Bibliotheca Indica are three:—

Demy (or small) octavo.
Royal (or large) octavo.
Quarto.

The prices of the Bibliotheca Indica as revised in 1923 are based (with some exceptions) on the following scale per unit of 96 or 100 pages in a fascicle as the case may be:—
